

HREBA – Cancer Committee meetings: Increasing to two meetings per month

The 2013 Ethics Reciprocity Agreement establishes review priorities that specify applications reviewed by each of the three Research Ethics Boards designated under the Health Information Act (HIA). As outlined in these priorities, the Health Research Ethics Board of Alberta - Cancer Committee (HREBA – CC) has the mandate to review all cancer-related studies.

To fulfill this mandate and help ensure the timely review of applications, the Cancer Committee will meet twice monthly. Researchers will have two monthly deadlines for submitting initial applications as well as ongoing reviews (i.e. amendments/modifications).

Submissions must be received by noon on the submission date listed. Early submission is recommended, as applications will be assigned based on time of receipt and availability of expertise.

In 2016, these dates are:
