

STUDY DORMANT DUE TO INACTIVITY

During the study review process, the Principal Investigation (PI) / Study Team may be asked to make changes to the application. If changes are not submitted, 3 reminder notifications are sent. After 30 days, if no action is taken, the request will go dormant.

1. The PI and study team will receive a notification regarding the dormant file.

Clarifications or changes were not submitted within 30 days of the first notification. The file has therefore become dormant and a request for reactivation is required to move the file forward. If a request for reactivation is not submitted and approved, the file will be closed on <Expiry Date>

General guidance:

- Click the Study ID link or login to IRISS, under the REB tab, navigate to the study.
- Click on the "Request Reactivation" button under My Activities and provide a justification for the delay in response.

Once the request is reviewed, a notification of the decision will be provided.

2. Log in to IRISS: <https://iriss.ucalgary.ca/IRISSPROD/login/>
3. Click on the name of the study under your Inbox tab to open the study workspace.
4. PI or study team can request reactivation. Under My Activities, click the Request Re-activation button.

5. In order to submit the reactivation, you will need to provide a justification for the delayed response. Click OK in bottom corner.

Request Reactivation

The ID (REB14-0059) and name (Release 4.4 - Testing TRAC #220) of this Certification will automatically be included in the generated email.

* Justify the reason for the delay in response:

Once the request is reviewed you will be notified of the decision.
